Babila XL
Reloaded memory

DESIGN
Odo Fioravanti, 2020

EN — The Babila XL armchair with a polypropylene shell stands out for the large dimension of its seat and armrests. The aim is to offer greater seating comfort, also through the padded lining recalling a woman's dress. Babila XL "recycled grey" version in one of the first products made from recycled polypropylene: 50% from post-consumer plastic waste and 50% industrial plastic waste.

IT — Babila XL è una poltrona con la scocca stampata in polipropilene che si connota per le dimensioni ampie della seduta e del bracciolo. L'obiettivo è quello di offrire un comfort generoso di seduta, grazie anche al rivestimento imbottito, quasi a ricordare un abito femminile. La versione Babila XL "recycled grey" rappresenta uno dei primi prodotti realizzati in polipropilene riciclato: 50% da scarto di materiale plastico post consumo e 50% da scarto di materiale plastico industriale.

Babila Twist
Reloaded memory

DESIGN
Odo Fioravanti, 2022

EN — Babila Twist is a steel armchair characterised by a large and welcoming shell woven with a flat cord in polypropylene. Babila Twist's distinguishing feature is the combination of a woven body and a tubular steel frame with slats for the seat. These are screwed, making them easy to disassemble. A comfortable cushion is covered in fabric for outdoor use.

IT — Babila Twist è una poltroncina in acciaio caratterizzata da una seduta ampia e accogliente, ricoperta da un intreccio realizzato con una corda piatta di polipropilene. Il tratto distintivo di Babila Twist è la combinazione tra una scocca intrecciata e il telaio in tubo d'acciaio provvisto di doghe per la seduta, uniti attraverso viti che consentono un agile disassemblaggio. Sulla seduta di Babila Twist appoggia un confortevole cuscino rivestito con un tessuto per esterno.

Philía
Italian twist

DESIGN
Odo Fioravanti, 2024

EN — Philía is a collection of outdoor seatings reminiscent of the traditional Italian garden chairs. A side chair and armchair featured by rational and geometric lines that blend with softer forms typical of the human body. Philía is characterised by a resistant steel tubular frame, while seat and backrest are wrapped in a pvc cord, textured with lines, that, thanks to horizontal direction weaving, intersects at the centre to ensure elasticity and high resistance.
IT — Philía è una collezione di sedute outdoor che riprende le linee delle sedie per esterno della tradizione italiana. Una sedia e una poltrona caratterizzate da linee razionali e geometriche, che si fondono a una gentilezza di forme più morbide tipiche del corpo umano. Philía si distingue per un telaio resistente in tubolare d'acciaio, mentre la seduta e lo schienale sono avvolti da una fettuccia in materiale plastico dalla superficie goffrata che, ordita a mano in orizzontale, crea un incrocio centrale in grado di garantire elasticità e resistenza.

Blume
Flower silhouette

DESIGN
Sebastian Herkner, 2020

EN — Blume draws inspiration from the concepts of elegance and sophistication. Featured by a soft and rounded shape, the collection owe its distinctive appearance to its sophisticated flower-shaped profile in anodised extruded aluminium. An extremely comfortable collection, in which the slender frame and the soft polyurethane foam are combined.

IT — Blume trae ispirazione da un'idea di eleganza e raffinatezza. Una collezione caratterizzata da forme morbide e arrotondate, la cui forza distintiva emerge dal sofisticato profilo in estruso di alluminio anodizzato con una silhouette a forma di fiore. Il telaio prezioso e sottile e la soffice imbottitura in schiumato poliuretanico si uniscono rendendo questa collezione assai confortevole.

Stiel

Details from nature

DESIGN
Sebastian Herkner, 2024

EN — Elegance and sophistication inspired Stiel, a seating collection featured by soft and rounded shapes in polyurethane foam on a curved round steel tube frame. The two elements blend harmoniously, making this collection both comfortable and distinguished by meticulous attention to detail.
IT — Stiel è una collezione di sedute ispirata ad un'idea di eleganza e raffinatezza. Caratterizzata da forme morbide e arrotondate, Stiel presenta un telaio in tubo d'acciaio dalle curve sinuose e un'imbottitura in schiumato poliuretanico soffice e generosa. I due elementi, unendosi armoniosamente, rendono questa collezione confortevole e caratterizzata da una minuziosa attenzione ai dettagli.

Remind

Between mind & heart

DESIGN
Eugeni Quitllet, 2018

EN — While evoking the soft sinuous curves of wooden chairs from the late nineteenth century, Remind's organic silhouette recalls something never seen before, a universal shape able to fit into any space and style of decor. The result is an innovative polypropylene armchair, in which each element is conceived to ensure total comfort and cosiness.
IT — Remind riprende la memoria delle curve morbide e sinuose delle sedie in legno della seconda metà del XIX Secolo. La sua essenza si esprime attraverso una silhouette dalle forme organiche capace di "ricordare qualcosa mai visto prima", una forma universale in grado di adattarsi a qualsiasi spazio e stile. Una poltroncina innovativa in polipropilene in cui ogni elemento è pensato per conferire comfort e avvolgenza.

Elegance and memory

DESIGN
Eugeni Quitllet, 2022

EN — Souvenir reinterprets the classic chairs of the Jardin des Tuileries or the Jardin du Luxembourg in Paris. Souvenir echoes their iconic shape, reinterpreting them through a new material. The result is a monoblock made of polypropylene designed specifically for outdoor use. Very light yet resistant, it stands out for its harmonious shape, integrating all its constituent elements in an organic and natural way.

Soul

Pure creativity

DESIGN
Eugeni Quitllet, 2018

EN — The concept of Soul stems from the idea of creating a chair using a blend of age-old methods and cutting-edge techniques. Its ash structure has a minimalistic, flowing silhouette, characterized by a harmonious interplay of curves and lines. The ergonomic polycarbonate seat, that appears suspended, can be padded to enhance its comfort. The outdoor version made of aluminium, with a seat in teak slats, ensures strength and lightness.

IT — La poltrona Soul nasce dal desiderio di creare una seduta ricorrendo a metodi tradizionali e sfruttando al tempo stesso la tecnologia. Linee sinuose caratterizzano una struttura in frassino resa dinamica e di carattere grazie al gioco armonico di curvature e dolci inclinazioni. Il sedile ergonomico in policarbonato, che pare sospeso, può essere imbottito per esaltarne il comfort.
La versione outdoor realizzata in alluminio, con sedile con doghe in teak sagomate, garantisce resistenza e leggerezza.

Arki-Stool

A perfect balance

DESIGN
Pedrali R&D, 2017

EN — Arki-Stool joins Arki collection which reviews the industrial look in a functional way. A steel footrest on the legs creates a nice contrast to the naturalness of the wood.
IT — Arki-Stool amplia la collezione Arki che rivisita il look industriale in chiave funzionale. Un poggiapiedi in acciaio abbraccia le gambe, creando un piacevole contrasto con la naturalezza del legno.

Casual-chic ergonomics

DESIGN
Pedrali R&D, 2012

EN — Compact dimensions and ergonomic features for Brera Collection, whose name evokes the glamour of trendy restaurants in the chic Milan district. The solid oak structure together with the sinuous profile of the backrest, offer lightness and agility. The result is a comfortable seating and equally refined.

Narì
A family tradition

DESIGN
Andrea Pedrali, 2023

EN — Narì echoes some of the elements of the first forged iron garden chairs from Pedrali's 1960s collection in a contemporary key. The distinctive feature of the legs is evoked using a double steel tube that features a simpler, more linear shape. This woven element tightens towards the lower part of the seat and widens towards the top, calling to mind the fanshaped geometry inspired by the backrest of the Serenella armchair. A tribute of the designer to his grandfather Mario Pedrali, founder of the company.
IT — Narì riprende alcuni degli elementi delle prime sedie da giardino realizzate in ferro battuto presenti nella collezione Pedrali degli anni Sessanta reinterpretandoli in chiave contemporanea. L'elemento distintivo delle gambe viene rievocato ora attraverso l'utilizzo di un doppio tubo d'acciaio dalla forma più lineare e semplice. L'incordatura si stringe nella parte inferiore della seduta e si allarga verso l'alto per richiamare la geometria a ventaglio ispirata allo schienale della poltrona Serenella. Un tributo del designer al nonno Mario Pedrali, fondatore dell'azienda.

Malmö
Nordic essence

DESIGN
Cazzaniga Mandelli Pagliarulo, 2012

EN — Malmö chairs are designed to fit in convivial spaces and they evoke warmth sensations thanks to the touch of ash wood, the tapered look and the appeal of tradition. Malmö collection consists of a plywood shell in ash wood that appears suspended, nearly floating, on a solid wood frame. The design elements appear in their purity, thicker in the joints and tapered in a natural way to offer lightness and elegance.
IT — Le sedute Malmö, pensate per essere usate in luoghi di convivialità, esprimono un tepore domestico grazie al piacere tattile del frassino, l'espressività delle forme tornite, l'affinità con un immaginario tradizionale. La collezione Malmö è costituita da una scocca in multistrato di frassino che appare sospesa, quasi fluttuante, su un telaio in legno massello. Gli elementi strutturali appaiono nella loro pura costruzione, aumentando di spessore presso le connessioni ed affusolandosi in modo naturale a favorire leggerezza ed eleganza.

EN — Nemea is a seating collection made of solid wood legs and plywood backrest, recalling the idea of classic gracefulness shaped by time and history. Its sinuous legs fit into the die-cast aluminium frame placed under the seat. The embracing backrest completes the seat, distinguishing the chair from the armrest version.

IT — Nemea è una collezione di sedute con gambe in legno massello e schienale in multistrato la cui forma richiama l'idea di leggiadria classica plasmata wdal tempo e dalla storia. Folk

Now traditional chair

DESIGN
Cazzaniga Mandelli Pagliarulo, 2019

EN — Folk collection accentuates the quest for simplicity. Its friendly character, the warmth of ash wood, the soft and compact dimensions, human lines seamlessly convey the concept of a chair that speaks a universal language. The power of proportions is clearly evident in the time-tested forms, re-elaborated with the new possibilities offered by technology. The use of the cane seat guarantees visual lightness and maximum durability.

IT — La collezione Folk è il risultato di una ricerca della semplicità. Il carattere amichevole, il tepore del frassino, le dimensioni compatte, le linee morbide e umane sembrano trasmettere l'idea di sedia in un linguaggio universale. La forza della proporzione si esprime in modo chiaro nelle forme consolidate dalla tradizione rielaborate con nuove possibilità tecnologiche. L'utilizzo della paglia di Vienna garantisce leggerezza ottica e massima resistenza.

Jamaica
Italian bohème

DESIGN
Cazzaniga Mandelli Pagliarulo, 2019

EN — Jamaica was inspired by Bar in Milan's Via Brera, a legendary hub for intellectuals and artists in the twentieth century. The elegance of this chair speaks of an age in which art, technology and the imagination came together to give a human face to the aesthetics of machines, reimagining a peaceful world with creative sociability. The result is a modernist collection which reworks the classic forms of the past with a contemporary edge.

IT — Jamaica si ispira al celebre Bar di via Brera a Milano, che fu ritrovo di intellettuali e artisti del secolo scorso. L'eleganza della seduta ci parla di un'epoca in cui l'arte, la tecnica e la fantasia sedettero a tavolino per dare un volto umano all'estetica delle macchine, per reinventare un mondo pacifico e una convivialità creativa. Il risultato è una collezione modernista che, guardando con ironia alla tradizione, reinterpreta le forme storiche del passato.

Vic

Crossover elegance

DESIGN
Patrick Norguet, 2016

**EN — Vic family has elegant yet minimal outline and draws inspiration from classic mid-century armchairs.
A comfortable and cozy collection featured by a curved backrest raised from the seat, which creates a lightness sensation for chair, armchair and barstool.**
IT — La famiglia Vic, elegante e raffinata nella sua semplicità, trae ispirazione dalle classiche poltroncine anni Cinquanta. Una collezione confortevole e accogliente in cui lo schienale a fascia curvata si solleva dal sedile creando un'apertura in grado di conferire a sedia, poltrona e sgabello una sensazione di leggerezza.

Jeff

Shaping comfort

DESIGN
Patrick Norguet, 2022

EN — Jeff is a contemporary modular sofa system. It is designed as a set of miniature architectures, skilfully combined to create multiple modular and reconfigurable scenarios. The distinguishing feature of Jeff is its harmony of volumes: the squared backrest pairs with a delicate seat to soften and give balance to the whole structure.

IT — Jeff è un sistema di divani modulare e componibile dal carattere contemporaneo. È progettato come un insieme di piccole architetture che, combinate tra loro, danno vita a molteplici scenari componibili e riconfigurabili. Elemento caratterizzante di Jeff è l'armonia dei volumi: forme squadrate sono abbinate a curve delicate capaci di ammorbidire e donare equilibrio all'insieme.

Polar
Engineering soul

DESIGN
Jorge Pensi Design Studio, 2022

EN — Polar is a task chair that ensures maximum customization in terms of ergonomics with its simple and intuitive built-in mechanisms. The backrest consists of an injected-moulded nylon frame with a breathable, flexible polyester mesh for a sense of transparency. A special mechanism allows the seat's depth to be adjusted. The chair guarantees excellent comfort thanks to its weight-activated, synchro-tilt mechanism that is able to regulate the degree of tilting autonomously according to the user's body weight.
IT — Polar è una seduta operativa che garantisce una massima personalizzazione in termini di ergonomia grazie alla presenza di meccanismi integrati semplici e intuitivi. Lo schienale è composto da una struttura in nylon stampato a iniezione alla quale viene fissata una rete in poliestere traspirante e flessibile, che dona trasparenza. Grazie ad un meccanismo che ne consente il movimento, è possibile regolare la profondità del sedile. Un moderno meccanismo sincronizzato autopesante, capace di regolare autonomamente l'intensità dell'oscillazione in funzione del peso corporeo dell'utente, garantisce inoltre a questa seduta operativa adattabilità ed estremo comfort.

Kuadra

Less is more

DESIGN
Pedrali R&D, 2001

EN — A very simple shell becomes an icon: from the plywood type in oak veneered with horizontal veins, up to technopolymer and methacrylate materials, to end up with the upholstery version. An innovative backrest that offers comfort, the curved lumbar profile allows an ergonomic rest. Kuadra is multitaskling by definition, available with tubolar frame in square section laser-cut, refined and innovative, or in the traditional versions in tubolar frame or sled base in steel rod.

IT — Una scocca semplice diventata iconica: dalla versione in multistrato impiallacciato in precomposto di rovere con venatura orizzontale, fino a quelle in tecnopolimero, metacrilato e imbottito. Uno schienale innovativo: dal profilo lombare curvato, che permette un appoggio ergonomico, alto e confortevole. Multitasking per antonomasia, Kuadra è disponibile con struttura in tubo quadrato tagliato al laser, curata e innovativa, oppure nelle versioni più tradizionali in tubo e a slitta in tondino d'acciaio.

Gliss

Sinuous shell

DESIGN
Claudio Dondoli - Marco Pocci, 2002

EN — Gliss has a cosy and ergonomic shape inspired by the iconic “Fifties” chairs, featuring a distinctive hole in the shell. The collection stands out for its comfort and functionality, given by the sinuous armrests that embrace the body and the ease of handling.
IT — Gliss è una poltrona dalla forma avvolgente ed ergonomica che si ispira alle sedute iconiche degli anni Cinquanta e si connota per l’elemento distintivo del foro sulla scocca. La collezione è confortevole e funzionale grazie alla forma sinuosa dei braccioli che cingono chi vi si siede in un abbraccio, oltre ad ottimizzarne la presa per la movimentazione.

Wow
Compact versatility

DESIGN
Claudio Dondoli - Marco Pocci, 2007

EN — A sense of wonder springs to our mind on seeing the versatility of these poufs in plastic material and upholstered, which can be even converted in handy storage poufs.
IT — Un'esclamazione di meraviglia sorge spontanea di fronte alla versatilità di questi pouf in materiale plastico e imbottito, che possono anche trasformarsi in pratici contenitori.

DESIGN
Busetti Garuti Redaelli, 2017

EN — The Buddy collection made up of contemporary and versatile elements, is featured by a contrast between the bold volumes of the seat and a slender lightweight frame. A family of comfortable seating, poufs in different sizes with or without backrest and a sofa, that reflect their friendly spirit.

IT — La collezione Buddy, composta da elementi contemporanei e versatili nella loro semplicità, è caratterizzata da un contrasto tra i volumi pieni della seduta e la leggerezza dell'esile telaio. Una famiglia di sedute confortevoli, pouf in diverse dimensioni con o senza schienali e un divano, che si distinguono per il loro carattere amichevole.

DESIGN
Busetti Garuti Redaelli, 2020

EN — **Buddyhub is characterized by a wrap-around, sound absorbing panel which envelops the seat in a sort of enclosed niche. Available as an armchair or sofa, it can be used as a temporary sound-proofed workstation. It is also possible to place two units opposite each other and to join them by means of a panel to which a table can be attached, thus creating an informal meeting space or break area. A large seat, in polyurethane foam supported by elastic belts, and a cosy backrest offer exceptional comfort.**

IT — Buddyhub è caratterizzato da un pannello fonoassorbente perimetrale che abbraccia l'imbottito creando una sorta di rifugio dall'ambiente circostante. Disponibile nella versione poltrona o divanetto, si configura come postazione di lavoro temporanea. Ponendo i due elementi uno di fronte all'altro, uniti tra loro da un pannello a cui può essere fissato un tavolino, danno vita a spazi pensati per ospitare meeting informali e aree break-out. La dimensione generosa della seduta, realizzata in schiumato poliuretanico con cinghie elastiche, e l'accogliente schienale consentono un alto grado di comfort.

EN — Buddy Oasi is a system of soft seatings that further expands the Buddy collection. Generously sized ottomans and sofas that maintain the contrast between the bold volumes of the seat and the lightness of the aluminium legs. The distinguishing feature of Buddy Oasi is its movable backrest, featuring a soft, organic shape. Il tratto distintivo di Buddy Oasi sono gli schienali mobili in schiumato poliuretanico dalla forma morbida e allungata che possono essere posizionati facilmente e liberamente sul pouf, permettendo di creare diverse configurazioni in base alle diverse esigenze. Guinea
A tropical allure

DESIGN
Cazzaniga Mandelli Pagliarulo, 2023

EN — Guinea is an aluminium outdoor armchair with an iconic allure that evokes the concept of lightness and transparency. The aluminium frame combines with a seat in waterproof textile mesh on which rests a soft, removable cushion. Guinea can be customised in various configurations: the version with a waterproof textile mesh backrest is reminiscent of the traditional director's chairs, the version with the backrest in aluminium slats features more traditional, archetypical forms.

IT — Guinea è una poltrona in alluminio per outdoor che suggerisce un'idea di leggerezza fisica e visiva oltre che iconica. La struttura portante in alluminio è abbinata ad una seduta realizzata in rete tessile impermeabile sulla quale appoggia un soffice cuscino removibile. Guinea può essere personalizzata con diverse configurazioni: la versione con schienale in rete tessile impermeabile ricorda le tradizionali sedie da regista, la versione con schienale con doghe in alluminio è definita da forme più tradizionali e archetipe.

Griante

Woven comfort

DESIGN
Cazzaniga Mandelli Pagliarulo, 2025

EN — Griante reinterprets the concept of woven seating through a design that combines traditional craftsmanship and industrial production. The collection includes two different versions: one designed for indoor, made of ash wood, and one for outdoor spaces, in teak. The main feature of Griante is the handwoven seat and backrest made in Italy, with a polypropylene yarn belt with a soft, three-dimensional texture.

IT — Griante reinterpreta l'idea di seduta intrecciata attraverso un design che coniuga tradizione artigianale e produzione industriale. La collezione include due diverse versioni: una progettata per spazi interni, in frassino, e una per ambienti esterni, in teak. Elemento distintivo è l'intreccio del sedile e dello schienale, realizzato a mano in Italia con un nastro in filato di polipropilene dalla texture tridimensionale e morbida.

Panarea

Mediterranean breeze

DESIGN
Cazzaniga Mandelli Pagliarulo, 2020

EN — The idea behind Panarea is rooted in the Mediterranean coastline and brings to mind the colours and the refreshing summer breeze of a dinner on a terrace overlooking the sea.
The wide and curved backrest is woven in polypropylene cord which creates an original geometrical pattern and wraps around the tubular steel frame as far as the armrests. The lounge armchair comes with a wide seat and a high backrest.
IT — Panarea nasce da un'idea di paesaggio costiero mediterraneo, che riporta alla mente i colori e la brezza rinfrescante di una cena all'aria aperta in una terrazza affacciata sul mare e la luce conciliante e ristoratrice della stagione estiva. Lo schienale ampio e accogliente è intrecciato in corda di polipropilene che, nella sua originale geometria, crea una raffinata greca e avvolge il tubo del telaio in acciaio, coprendo anche i braccioli. La poltrona lounge è dotata di una seduta molto generosa e di uno schienale alto.

Opale

Elegance that embraces

DESIGN
Patrick Jouin, 2025

EN — Opale is an armchair featured by a fluid and accurately balanced design. Each line ensures continuity and aesthetic harmony: the junction of the solid ash wood or walnut leg, armrest and backrest forms a subtle joint that defines the core of the chair's silhouette. The feature of Opale is the functional handle integrated into the rear of the backrest, that blends into the armchair's silhouette, enhancing its three-dimensional look.

IT — Opale è una poltrona caratterizzata da forme morbide e organiche. Ogni linea è studiata per garantire continuità e coerenza estetica: le gambe, in massello di noce o frassino, si integrano tra schienale e braccioli, formando un sottile giunto che definisce il profilo della poltrona. L'elemento distintivo di Opale è una funzionale maniglia integrata nella parte posteriore dello schienale, che si fonde con la silhouette della poltrona, enfatizzandone la tridimensionalità.

Héra

Fluidity of shapes

DESIGN
Patrick Jouin, 2019

EN — Wood - the ultimate natural raw material - is the inspiration behind Héra. Available in ash or American walnut, this armchair embodies the concept of lightness, fusing it with comfort.
The backrest, in three-dimensional bent plywood, has a remarkably elegant and ergonomic design. The rectangular-section legs with round edge display an attention to detail.
IT — Il legno, materia prima naturale per eccellenza, ha ispirato Héra. Realizzata in frassino o noce americano, questa poltrona concretizza il concetto di leggerezza e lo unisce a quello di comfort e di avvolgenza. Lo schienale in multistrato curvato tridimensionale è gradevole alla presa, oltre che caratterizzarsi per eleganza ed ergonomia. Le gambe a sezione rettangolare con angoli raggiati esprimono attenzione ai dettagli.

Ila
L'île du confort

DESIGN
Patrick Jouin, 2020

EN — The elegant and high-quality Ila armchair is a refined piece of furniture with a strong personality, expressing utmost comfort, softness and sensuality. The smooth exterior in rigid polyurethane almost cocoons the user in its large volumes, allowing a moment of relaxation and escape from everyday life. This sense of protection is augmented by the inner side of the backrest and seat in flexible polyurethane foam, which adapts to the human body and envelops it just like a soft embrace.

IT — Ila sintetizza i concetti di eleganza e qualità, identificandosi come un arredo prezioso dalla forte personalità capace di esprimere comfort assoluto, morbidezza e sensualità. La parte esterna di Ila è realizzata in poliuretano rigido, liscio e teso, quasi a creare una protezione nei confronti di chi ha scelto di ritagliarsi un momento di relax e di evasione, all'interno dei suoi grandi volumi. Il senso di protezione viene inoltre suggerito dalla parte interna di schienale e sedile, a contatto con il corpo umano, in schiumato poliuretanico flessibile, quasi a cingerlo in un abbraccio.
