“Un tavolo deve essere funzionale, ma senza imporsi nello spazio. Anzi, facendo parlare l’architettura e il contesto in cui viene inserito”

Pio e Tito Toso

“A table needs to be functional, without imposing on the surrounding environment. On the contrary, it needs to allow the architecture of its context to emerge”

Anemos
Sculpted by the wind

DESIGN
Pio & Tito Toso, 2023

EN — Anemos is a table characterised by simple yet architectural shapes. Its distinctive feature lies in the base, composed by two separate aluminium shells secured to the top, that take on a flexible and sinuous shape through a double curvature. Versatile and adaptable, Anemos seamlessly fits into indoor and outdoor spaces.
IT — Anemos è un tavolo caratterizzato da forme semplici e architettoniche. Il tratto distintivo è la base, formata da due gusci in pressofusione di alluminio separati tra loro e fissati al ripiano che, grazie ad una doppia curvatura, assumono una forma flessibile e sinuosa. Anemos è un tavolo versatile e trasversale che si adatta perfettamente a spazi indoor e outdoor.

Arki-Base

A perfect balance

DESIGN
Pedrali R&D, 2016

EN — A collection of tables with an industrial look where the tube steel legs in rectangular section converge in the middle of the table top recalling the trestles used by blacksmiths. Arki-Base is available with three or four legs combined with tops in different sizes and finishes. Also for outdoor use.

IT — Una collezione di tavoli dal look industriale le cui gambe in tubolare d'acciaio a sezione rettangolare convergono nel centro del ripiano, richiamando i cavalletti delle officine dei fabbri. Arki-Base è disponibile a tre o quattro gambe e può essere abbinato a ripiani di differenti dimensioni e finiture. Disponibile anche finitura per outdoor.

Arki-Desk
A perfect balance

DESIGN
Pedrali R&D, 2020

EN — The Arki-Desk's clean, linear design makes it particularly versatile and suitable for flexible and functional modern corporate and home offices. Steel or solid oak trestle legs are connected together by a steel support, to which the top is fixed for added stability. A more casual and playful version of the Arki-Desk with a coloured frame is also available.

IT — Arki-Desk è un tavolo che, grazie alla sua semplicità, risulta molto versatile, massimizzando la sua capacità di rispondere alle esigenze di flessibilità e funzionalità degli uffici moderni e home office. Le gambe a cavalletto, realizzate in acciaio o in massello di rovere, si collegano ad una traversa in acciaio, alla quale viene fissato il ripiano, garantendo stabilità e aderenza al suolo. Il telaio può essere colorato, rendendo Arki-Desk più informale e giocoso.

Arki-Table

A perfect balance

DESIGN
Pedrali R&D, 2012

EN — Arki-Table is a linear and rigorous table from a structural point of view, but at the same time versatile and designed for different uses. It is characterized by an ultra-thin top supported by an extruded aluminium frame, which remains hidden. The trestle legs in steel or solid oak ensure stability and grip on the ground.
IT — Il tavolo Arki-Table è lineare e rigoroso dal punto di vista strutturale, ma al contempo versatile e pensato per situazioni d'uso differenti. È caratterizzato da un ripiano ultra-sottile sostenuto da una cornice in estruso di alluminio, che rimane nascosta. Le gambe a cavalletto realizzate in acciaio o in massello di rovere garantiscono stabilità e aderenza al suolo.

Toa

Strength and lightness

DESIGN
Robin Rizzini, 2020

EN — The Toa table combines a technical-industrial style with decorative allure, giving life to a functional and evocative product. Lightweight and minimalist, the Toa table is characterised by a solid die-cast aluminium frame in a fluid geometric design connected by two steel beams suitable to support large sizes tops.
Toa's main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top.
IT — Toa è un tavolo che unisce con equilibrio il linguaggio tecnico-industriale a quello decorativo, dando vita ad un prodotto funzionale ed espressivo. Leggero ed essenziale alla vista, il tavolo Toa è caratterizzato da una robusta struttura in pressofusione di alluminio dalla forma geometrica e fluida supportata da due barre in acciaio capaci di sostenere anche ripiani di grandi dimensioni. Elemento caratterizzante di Toa sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluendo sotto al ripiano in un elemento a "T".

Rizz

Streamlined fluidity

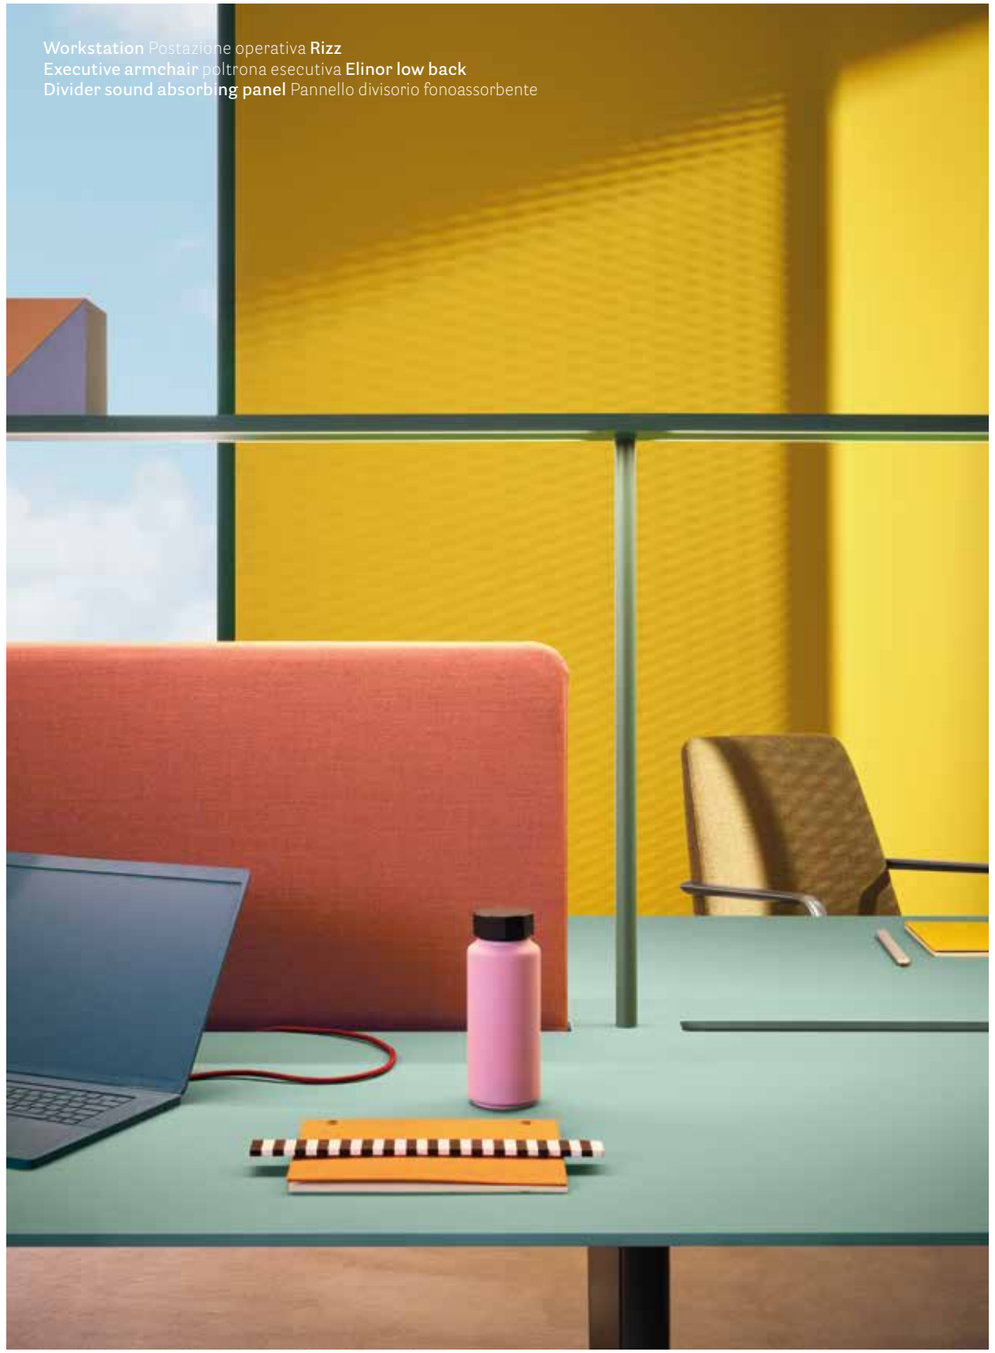

DESIGN
Robin Rizzini, 2023

EN — Rizz is a table with an aluminium frame that ensures strength and lightness at the same time. The diecast aluminium legs are featured by a triangular section that faces outwards and tapers into a round shape, resting elegantly on the floor. A structural strength concealed by clean lines distinguishes this table, which integrates the legs with an aluminium supporting frame hidden beneath the tabletop. The workstation version is a system of two-, four- or eight-seater workstations. For longer meeting or working tables, a central rectangular steel column with rounded edges ensures stability while serving as cable management.

IT — Rizz è un tavolo in alluminio che garantisce resistenza e leggerezza al tempo stesso. Le gambe affusolate in pressofusione di alluminio sono caratterizzate da una sezione triangolare aperta verso l'esterno e si assottigliano in una sezione tonda appoggiandosi elegantemente a terra. Una solidità strutturale celata da una pulizia di forme caratterizza questo tavolo, che integra le gambe ad una struttura portante nascosta sotto il ripiano. La versione workstation è un sistema a due, quattro o otto postazioni. Per sostenere ripiani di grandi dimensioni, nella parte centrale al di sotto del ripiano, è presente una colonna rettangolare con angoli stondati in acciaio che funge anche da passacavi.

Buddyhub Desk

Friendly spirit

DESIGN
Busetti Garuti Redaelli, 2022

EN — Buddyhub desk is a functional and efficient workstation where users can concentrate and isolate. It features a perimeter sound-absorbing panel that embraces a solid laminate top, creating a sort of enclosed niche that ensures acoustic and visual privacy.
It can be used as a multifunctional or standing workstation designed for informal work needs or for calls, in both a standing or sitting position.

IT — Buddyhub desk è una postazione di lavoro funzionale ed efficiente, in cui potersi concentrare e isolare. È caratterizzato da un pannello fonoassorbente perimetrale che abbraccia un piano di lavoro in stratificato, creando una nicchia di privacy riservata e acusticamente protetta. Può configurarsi come una postazione operativa oppure come postazione temporanea, in cui lavorare in modo informale o dedicarsi a call, in piedi o da seduti.

Elinor
A classy hug

DESIGN
Claudio Bellini, 2019

EN — The Elinor collection of tables brings to mind the soft, curving lines of the namesake executive chair springing from a new perception of space and conveying a refined yet contemporary image. The base is formed of two moulded elements of fixed dimensions, made from rigid polyurethane foam and upholstered in genuine leather; they support a table top in ultra-thin solid laminate, with rounded lacquered MDF support beneath it which conceals the steel structure.
IT — La collezione di tavoli Elinor riprende le linee morbide e sinuose della poltrona direzionale omonima proponendo una nuova percezione dello spazio e trasmettendo un'immagine raffinata e contemporanea. Una base costituita da due elementi sagomati di dimensione fissa realizzati in poliuretano rigido e rivestiti in pelle sostengono un ripiano in stratificato ultrasottile attraverso un sottopiano in MDF laccato dalla forma bombata, che nasconde la parte strutturale in acciaio.

Aero

Pure stability

DESIGN
Daniele Lo Scalzo Moscheri, 2007

EN — Aero is a stady table with generous dimensions, simple in appearance but with a great character. A glossy lacquered steel cover splitted in two shells hides a central square or rectangular base with rounded corners.
The top, available in different finishes, is elegant and refined.

IT — Aero è un tavolo stabile e dalle dimensioni importanti, semplice all'apparenza e dal carattere forte. Un rivestimento in acciaio laccato lucido suddiviso in due gusci cela una base centrale di forma quadrata o rettangolare smussata agli angoli.
Il ripiano, disponibile in diverse finiture, risulta elegante e raffinato.

Frank

Architectural illusion

DESIGN
Robin Rizzini, 2023

EN — Frank is a table inspired by architectural shapes and industrial materials. The structure on which the top rests is made up of two slightly curved die-cast aluminium bases with variable thickness. Seen from the front they are slightly arched and resemble the shape of a sail, creating a light and ethereal optical effect. Seen from the side, the volume appears full. Together, rational lines and curves contribute to conveying an image of lightness and contemporaneity.

IT — Frank è un tavolo ispirato da forme architettoniche e materiali industriali. La struttura su cui appoggia il ripiano è composta da due basi in pressofusione di alluminio dallo spessore variabile leggermente curvate. Viste frontalmente richiamano la forma di una vela che, leggermente inarcate creano un effetto ottico leggero ed etereo. Osservate lateralmente il loro volume appare pieno. Linee razionali e curve insieme contribuiscono a trasmettere un'immagine di leggerezza e contemporaneità al tempo stesso.

ADI DESIGN INDEX
Selezione Compasso d'Oro

Malmö
Nordic essence

DESIGN
Cazzaniga Mandelli Pagliarulo, 2012

EN — Malmö tables evoke domestic warmth sensations thanks to the touch of ash wood, their peculiar shapes and the appeal to tradition imaginery. Designed to fit in convivial spaces, these tables have tops in veneered ash wood, HPL solid laminate or lacquered MDF, combined with tapered solid ash wood legs.
IT — I tavoli Malmö sono in grado di esprimere una sensazione di tepore domestico grazie al piacere tattile del frassino, all'espressività delle forme e all'affinità con un immaginario tradizionale. Pensati per essere collocati in luoghi conviviali, presentano un ripiano realizzato in frassino impiallacciato, stratificato o MDF laccato, e gambe in massello di frassino tornite.

Surface

Elegance is an attitude

DESIGN
Daniele Lo Scalzo Moscheri, 2007

EN — Surface extendible table comes from the desire to find a perfect connection between the architectural and the design sphere. The tapered section of terminals and legs gives formal lightness. The aluminium guides allow an easy extraction of the two extensions.
IT — Il tavolo allungabile Surface nasce dall'idea di trovare una ideale connessione tra la sfera architettonica e quella del design. La sezione rastremata di terminali e gambe dona leggerezza formale. Le guide in alluminio permettono una facile estrazione delle due allunghe.

The lightness of the shapes

DESIGN
Pedrali R&D, 2006

EN — Exteso is a wooden table, a traditional structure combined with an innovative invisible extension mechanism made of extruded aluminium. An essential table, featured by great versatility of use, in which the authenticity of the material and the lightness of the design are harmoniously blended.
IT — Exteso è un tavolo in legno, che unisce una struttura tradizionale a un innovativo meccanismo di estensione invisibile realizzato in estruso di alluminio. Un tavolo importante, caratterizzato da una grande versatilità d'uso, in cui la concretezza della materia e la leggerezza delle forme si uniscono armoniosamente.

Caementum

The importance of the material

DESIGN
Marco Merendi & Diego Vencato, 2021

EN — Caementum is a monoblock concrete table specifically designed for outdoor use. Through the addition of carefully selected additives, this highly resistant material guarantees excellent technical performance, including ease of cleaning, greater resistance to mechanical stresses and weathering, and low permeability to liquids and stains. The surface of the base features the material's typical blowholes, while the top is completely smooth.

IT — Caementum è un tavolino monoblocco realizzato in cemento pensato specificatamente per l'outdoor. Un materiale resistente che, grazie all'aggiunta di additivi accuratamente selezionati, garantisce ottime prestazioni tecniche, tra cui una facile pulizia, una maggiore resistenza meccanica e agli agenti atmosferici, oltre che consentirgli di non assorbire liquidi e di non macchiarsi. La superficie della base è caratterizzata dalle soffiature tipiche del materiale mentre il ripiano è completamente liscio.

Circuit
Continuous line

DESIGN
Pedrali R&D, 2020

EN — The Circuit coffee table is light and versatile. Its distinctive character is the continuous steel rod frame which, in the section that rests on the floor and in the one that supports the top, is characterized by a soft and fluid curve. Available in different sizes and finishes, Circuit is suitable for different indoor and outdoor contexts.
IT — Il tavolino Circuit è leggero e versatile. Il suo tratto distintivo è il telaio continuo in tondino d'acciaio che, nella sezione che poggia al pavimento e in quella che sostiene il ripiano del tavolo, si caratterizza per una curva morbida e fluida. Declinabile in diverse dimensioni e finiture, Circuit si adatta a svariati contesti indoor e outdoor.

Diego
By my side

DESIGN
Jorge Pensi Design Studio, 2024

EN — Lightweight, agile and height-adjustable, Diego is a functional side table conceived to offer maximum flexibility and adaptability, improving comfort and ergonomics while working or relaxing. The base comes with four spokes, with the front two being asymmetrical to the rear ones, allowing the table to be positioned as close to the seating as possible.

IT — Leggero, maneggevole e regolabile in altezza, il tavolino Diego è progettato per rispondere a esigenze di flessibilità e adattabilità, assicurando comfort ed ergonomia dei momenti di lavoro e relax. La base è caratterizzata da quattro razze, con le due anteriori asimmetriche rispetto a quelle posteriori per permettere di avvicinare il più possibile il tavolino alla seduta.

Parenthesis
Instant classic

DESIGN
Marco Pocci - Claudio Dondoli, 2014

EN — Being a day container, a coffee table and a bedside table, Parenthesis is a versatile and multipurpose piece of furniture suitable to be used in different contexts. Two curved side elements that come together to create a geometric structure.
IT — Contenitore a giorno o comodo piano, coffee table o comodino, Parenthesis è un elemento d'arredo versatile adatto a diversi contesti e soluzioni d'uso. Due parentesi tonde che si combinano assumendo la forma di elementi geometrici.

Blume
Flower silhouette

DESIGN
Sebastian Herkner, 2020

EN — Drawing inspiration from the concepts of elegance and sophistication, the Blume table and coffee tables feature the seating's flower-shaped profile in extruded aluminium.
IT — Il tavolo e i tavolini della collezione Blume, ispirati ad un'idea di eleganza e raffinatezza, riprendono il medesimo profilo in estruso di alluminio a forma di fiore delle sedute.

Inox

Slim and stable

DESIGN
Pedrali R&D, 2000

EN — Inox is a simple and functional table, available in different shapes and sizes to satisfy the most varied needs. A defined geometry makes this table suitable for different contexts.
IT — Inox è un tavolo sobrio e funzionale, declinabile in diverse forme e misure per soddisfare le esigenze più varie. Una geometria definita rende questo tavolo adatto a contesti diversi.

Elliot

Just like a dancer

DESIGN
Patrick Jouin, 2018

EN — With its elegant silhouette and minimal design, Elliot table has a strong identity that combines soft lines with sinuous natural forms. The three or four-lobed column in extruded aluminium narrows down and splits open to form three or four feet in die-cast aluminium, which elegantly sit on the floor.
IT — Un tavolo dalla silhouette elegante e dalle forme delicate e slanciate. Elliot ha una forte identità, unendo la morbidezza delle linee alla fluidità delle forme. La colonna in estruso di alluminio di forma trilobata o quadrilobata si separa, assottigliandosi, in tre o quattro piedini in pressofusione di alluminio che appoggiano delicatamente a terra.

Fluxo

Stability roots

DESIGN
Luca Casini, 2018

EN — Fluxo uses primary geometric shapes, starting from the section of its stem-like base, to generate a form with clean and minimalist lines. Made in die-cast aluminium, Fluxo has a stable structure and a distinctive personality, with a subtle and elegant design.
IT — Fluxo sviluppa geometrie primarie partendo dalla sezione dello stelo per generare una forma essenziale e minimalista, ma riconoscibile. Realizzato in pressofusione di alluminio, Fluxo ha una struttura resistente e una connotazione decisa, conservandone il tratto discreto ed elegante.

Lunar
Lightness architecture

DESIGN
Pio e Tito Toso, 2016

EN — Lunar table speaks the language of lightness and transparency, allowing the architecture of the surrounding environment to emerge. The base is the result of the union of four steel rod trapeziums and it can be combined with tops in different sizes and finishes.
IT — Il tavolo Lunar parla il linguaggio della leggerezza, lasciando spazio al vuoto, all'architettura, all'ambiente nel quale si inserisce. Il basamento nasce dall'unione di quattro trapezi realizzati in tondino d'acciaio e può essere abbinato a ripiani di differenti dimensioni e finiture.

Ypsilon Tilting

Folding table

DESIGN
Jorge Pensi Design Studio, 2018

EN — The Ypsilon table now comes in a new folding, stackable version. Ypsilon is truly versatile and can become a meeting table or a working station in today's latest generation of co-working spaces. At the cutting-edge in terms of quality, it conveys both attention to detail and a high-tech element.
IT — Presentato nella sua nuova versione ribaltabile e accatastabile il tavolo Ypsilon nasce come soluzione versatile per una sala riunioni, capace di trasformarsi in una postazione di lavoro, all'interno dei più recenti format di co-working. Un prodotto qualitativamente all'avanguardia, capace di esprimere cura per il dettaglio e spirito high-tech.

Concrete
Natural stability

DESIGN
Pio e Tito Toso, 2015

EN — The base of a table must have a significant weight to guarantee stability and durability. The result of this simple reasoning is Concrete, an outdoor table with a concrete base that uses the main features of the material in a natural and intelligent way.
IT — La base di un tavolo deve avere un certo peso per garantire stabilità e durabilità. Da questo semplice ragionamento nasce Concrete, un tavolo da esterno con base in cemento che utilizza le caratteristiche proprie del materiale in modo naturale e intelligente.

Stylus
Fine shapes

DESIGN
Pedrali R&D, 2010

EN — The tables of Stylus collection perfectly fit in contract spaces. A harmony of curved lines characterises the table's components: the base, the top and the supporting plate. The slim central column rises from the round or square flat base with rounded corners, with soft and clean shapes.
IT — I tavoli della collezione Stylus sono pensati per gli ambienti contract. Un'armonia di linee curve anima questo tavolo in tutte le componenti: la base, il ripiano e la piastra che lo supporta. La sottile colonna centrale emerge dalla base tonda o quadrata dagli angoli raggiati, con forme morbide e pulite.

Table tavolo **Stylus**

Bistrot

DESIGN
Pedrali R&D, 1992

EN — The expressive and structural strength of the cast-iron gives life to the Bistrot table collection, solid and timeless, suitable for indoor and outdoor use.The possibility to powder-coat the base in all colours can create unexpected results.
The base can be combined with tops in different sizes and finishes.
IT — La forza espressiva e strutturale della ghisa dà vita a una collezione di tavoli indoor e outdoor, solidi e senza tempo. La possibilità di verniciare la base in tutti i colori regala inaspettate emozioni.
Abbinabile a ripiani di diverse dimensioni e finiture.

Table tops, materials

Ripiani per tavoli, materiali

Solid Laminate
Stratificato

EN — Solid laminate tops offer excellent functional and aesthetic features. Obtained by pressing a series of sheets impregnated with thermo-hardening resins, they assure high level of mechanic characteristics, widely appreciated in indoor and outdoor design projects.
IT — Ripiani in stratificato che offrono eccellenti potenzialità funzionali ed estetiche. Ottenuti dalla pressione di un elevato numero di fogli sottilissimi di carta impregnati con resine termoindurenti, assicurano ottime caratteristiche meccaniche, ampiamente apprezzate in tutte le progettazioni di design indoor e outdoor.
