

Fiber Conference Armchair Swivel Base

“One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Conference Armchair to do just that. The chair’s sculptural language, paired with its wide seat, refuses to compromise on comfort and invites the user to be seated for hours on end. Through soft upholstery and the fixed cushion of its seat, the Fiber Conference armchair enhances the idea of grand comfort. The chair’s inner shell is made using recycled plastic for a conscious and innovative perspective on materials.”

— Iskos-Berlin

Designed by	Iskos-Berlin
About the Designer	Iskos-Berlin is a Copenhagen-based design duo that has made international headlines within furniture, industrial and graphic design. The studio, formerly known as Komplot Design has collaborated with some of the world’s most prestigious manufacturers and their furniture, lighting and other design products are exhibited at numerous design museums around the world including MoMA and the Designmuseum Denmark.
Environment	Indoor
Country of Production	Poland
Preassembled	Yes
Description	A sculptural yet distinctly ergonomic seat makes the Fiber Conference Armchair ideal anywhere we spend an extended time seated. Its interior shell is made using 100% recycled plastic, while its spacious seat and embracing curves are fully upholstered with a soft fixed cushion, providing maximum comfort in public spaces and the home alike.
Material	<p>The shell is made using 100% recycled plastic mixed with strength-improving additives. The recycled plastic comes from post-consumer waste.</p> <p>Fully upholstered in textile, imitation leather or leather.</p> <p>Base: Swivel base in powder coated aluminum made using minimum 95% recycled die casted aluminum. The recycled die casted aluminum comes from a mix between post-industrial and post-consumer waste. Cylinder in steel. Plastic glides.</p>

Cleaning & Care

Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.

Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

Additional Information

Please note that all upholstered products, sold in the UK, contain flame retardant foam in order to fulfill the stringent flammability standards under the UK Furniture and Furnishings Fire Safety Regulations. The flame retardant used in the foam is melamine, CAS number: 108-78-1.
